How to Add a Quiz to a Video

Overview

In Panopto you have the ability to add quiz questions to any Panopto video at any point during the presentation. Quizzes can only be taken by users that are signed into your Panopto site. In this article, you will learn how to create and edit a quiz as well as how to review the results.

Prerequisites

- Creator access to Panopto

1. Create a quiz

1.1. Open your chosen session in the Panopto editor.

1.2. Click in the timeline to navigate to the place in the video where you would like to insert a quiz. The red vertical line will indicate where the quiz will be added in the video (Fig. 1).

1.3. In the left Navigation menu, click on Quizzes then select Add a Quiz (Fig. 2).

1.4. A quiz window will appear in your secondary stream window where you can fill in the details for your quiz (Fig. 3).
Within the form, you can select the drop-down menu in the top right corner to show different types of quiz questions. The quiz options include True/False, Multiple Choice, Multiple Select, and Fill In the Blank. The default is multiple choice (Fig. 4).

1.5. **Multiple Choice**: Gives you the option to have several answers present, but only one answer can be chosen as correct. When the option is first chosen, there will only be two answer fields. Another answer field can be added by clicking the "Add Answer..." button (Fig. 5). You need to have the correct answer selected before adding another question.

1.6. **Multiple Select**: Shows several answers present, but only one answer can be chosen as correct. (Fig. 5)

1.7. **Fill In the Blank**: Gives you the option to ask questions that require users to fill in answers to the question. The prompt will ask for the correct answer to be provided (Fig. 6).
1.8. To remove an answer you can click on the X next to any of the Answers (Fig. 7).

1.9. Other quiz question types include True/False, which gives you the option to ask a True or False question. And Multiple Select, which gives you the option to have several answers present and more than one can be selected as correct.

1.10. Once you are done with a question and want to add another one, click the Add a Question button at the bottom of the form (Fig. 8).

1.11. If you need to navigate to a different question in your quiz, you can use the Back and Next buttons at the bottom of the form (Fig. 9).
1.12. Once you have added all of your questions, click the **Done** button at the bottom of the form (Fig. 10).

**Figure 9**

1.13. You will then be directed to the **Options** page for this **Quiz**. In this page, you can: (Fig. 11).

- Allow viewers to retake the Quiz
- Show grade after taking this quiz (If this is enabled you can also allow review of correct answers and explanations)
- Allow review of correct answers and explanations
- Block advancing in the video until answering this quiz
- Delete questions by clicking the **Xs**
- Reorganize the questions by using the **arrows**
Once you are finished, click the Finish button. The name of your quiz will now appear in the Quizzing pane.

Repeat these steps for each quiz you want to add to your session. When you are finished, click Publish. During playback, when it is time for a Quiz the video will pause until the question(s) is/are answered.

2. Editing a Quiz

If you need to correct an item in a quiz, adjust the options you selected in step 1.13. above, or need to move the test to a different position within the video, please use the following steps.

2.1. Open your video in the editor.

2.2. Select the Quizzes tab from the left hand navigation, then select the quiz you want to edit by clicking on it (Fig. 12).

2.2.a. If you attempt to edit a quiz that someone has already completed, you will receive a warning message that they may need to retake the quiz. Select the Continue button to proceed with editing (Fig. 13).

2.3. To edit the quiz name, questions, or text, simply click on the text you wish to change. The editor will open the quiz to the first question; to change which question you are on, select the Next > button in the bottom left hand corner (Fig. 14a). To add questions to your quiz, select the Add a Question button (Fig. 14b). Note: to learn about removing a question, please see step 2.5., below.
2.3.a. You can change the question type by selecting the drop-down menu in the upper right-hand corner of the quiz (Fig. 15). Note: If you change a multiple choice or multiple select question to a true or false question or fill in the blank, but do so on accident, your answers for the multiple choice or
multiple select will be erased and you will need to type them back in.

2.4. To edit your quiz options, including where its positioned in your video, or to save the changes made in step 2.3., select the **Done** button (Fig. 16).

![Figure 16](image16.png)

2.5. This will take you to the quiz options, where you can change the settings you selected or deselected in step 1.13. above, reorder or remove a question, or adjust where the quiz appears in the video.
2.5.a. To reorder your questions, use the up and down arrow icons to its right. (Fig. 17). Note: the questions will appear in the order in which they are asked.

2.5.b. To remove a question, select the X icon to its far right (Fig. 18).

2.5.c. To adjust where your quiz appears in the video, make a note of the time stamp where you want the quiz to fall, and then type it in at the top of the page next to Quiz Position (Fig. 19). Note: the time stamp is written in as h:mm:ss.ss.
